

## Centralised Match for Advanced Training in Geriatric Medicine in Victoria in 2024

The **first-round match** for continuing trainees is now complete.  
This is where we stand:

	2023	2022
<b>Matched</b>	62	66
<b>Unmatched applicants</b>	1	4
<b>Unfilled positions</b>	20	17

The **second-round match** is now open.

The deadline for candidates to apply for this match is Tuesday 8<sup>th</sup> August at 5PM. Applicants can apply to multiple RACP specialties in this match, but can only be matched once.

After the second-round match in 2022 we ended up matching 108 trainees, and appointed ~12 outside the match, predominantly part-time or part-year trainees.

VGMTP has a match webpage <https://vgmtp.org/centralised-match.html> and sends updates to applicants who have requested to join our mailing list. Please encourage any potential trainees to visit our site and join the mailing list. Thus far we only have a handful on the mailing list.
